

Dear Year 11 Students and Parents,

I am writing in response to some queries from parents about next week's Year 11 Bridging Week for all students who have applied to St Leonard's Sixth Form and to pass on some information for all students about photographs.

School Leavers' Photographs

The school leavers' photograph for Year 11 is now ready to be purchased online. Please use the appropriate login and password to view the photograph and numerous purchase options. If you place your order before 1st July 2021 you can opt for your photograph to be collected from school on your results' day free of charge. There will also be an option to have the photograph delivered to your address however this will incur a fee.

Please see below the relevant information to see your child's photograph.

Lunch Cards

In preparation for your arrival to our Year 11 Bridging Week we would like to remind pupils that our Sixth Form Café 'Love Coffee' will be open for all students. We run a cashless system so if students could please make sure there is money in their account - if pupils no longer have their lunch card they will still be able to order food if there is money in their account. Any money that isn't spent during the week will be carried over into September.

School Buses

We have been in contact with Durham County Council who have told us that our school buses will be informed that Year 11 pupils will be using them during the Bridging Week. All pupils who have a fully paid bus pass will be permitted to travel. If there are any issues or you have concerns please don't hesitate to contact school.

Lateral Flow Tests

We would ask all students who are coming to Bridging Week on Monday to take a Lateral Flow Test on Sunday night as all staff and students are asked to do in school at the moment. There is no need to report negative results to school.

I have also again attached the letter that I sent out last week - the only change on it is that BTEC Session 3 has moved from Thursday to Wednesday. We are very much looking forward to seeing students in the Sixth Form block next week! If you have any questions please email sixthform@st-leonards.durham.sch.uk or message Mr Q Hughes or Mr M Hughes directly on Teams.

Best wishes,

Quentin Hughes
Head of Sixth Form
