

Art and Design: Year 11 Mock 1 2021

Being Organised

Every pupil has an internally produced Coursework checklist based on pieces that need to be completed in the Autumn term based on the Transformations project. One piece of work from the checklist of the students choice, agreed by their individual teacher is set as homework each week and can also be worked on in class with guidance.

Student's sketchbooks are kept by themselves, brought to lessons and taken home. Each student will have their own personal area in class such as a pigeon hole, in which they will be able to keep their sketchbook, resources and materials.

- Students have been given a coursework checklist based on the Transformation project
- Students should bring their sketchbook to each lesson and their basic equipment
- Students should bring specific resources relating to set homework tasks to each lesson to meet set deadlines

Independent Revision

Revision of course content is not relevant for Art and Design, what is required is keeping up to date with the current coursework tasks each week both in class and for homework, completing all work to meet weekly deadlines. A willingness to attend the GCSE Art and Design catch-up session every Thursday is required at any given point when students fall behind on meeting their set deadlines, as coursework forms 60% of the total GCSE marks and needs to be completed by 21.1.22. The examination paper will be issued to students at the beginning of January 2022 and the preparation work will begin in class and in homework immediately. It is therefore critical that students are not completing coursework beyond this deadline, so that they are fully able to focus on the examination preparation work which will run until the 10 hour timed test at the beginning of May.
