

BTEC Creative Digital Media: Year 11 Mock 1 2021

Being Organised

Every pupil has been issued with an outline of the Component Content and will continue to use this, along with their portfolio work to develop their skills in preparation for the assessed element of the unit. It is essential that pupils continue to develop their portfolio work to the best of their ability and attend revision sessions which will enable improvements and additions to be made to this work.

Independent Revision

Pupils can be completing further research beyond the classroom for the component using the component content to guide the research they are conducting.
