

D&T: Year 11 Mock 1 2021

Being Organised

Every pupil has a white textbook and corresponding revision guide prepared by their teacher. The textbook – ‘My Revision Notes’ covers the entire specification of the subject and **THIS IS THE BEST PLACE TO START REVISION.**

- All students have received a hard copy of a focussed revision checklist that is to be thought of as a working document to help organise revision. This checklist is also posted in files in the D&T ‘Team’ on Teams.
- Pupils must bring the white textbook ‘My Revision Notes’ textbook along to every lesson.

Independent Revision

Alongside the revision materials provided by the department, model answers and exam questions, students could independently access the online materials as listed below. Students could regularly read over the ‘exam tips’ in the white textbook – it really is filled with excellent advice and help.
