Independent Revision

In the PE department, we model top band responses. Please use the exam question and mark scheme packs we have given you.

Remember, try the question yourself first, refer to your book if you find the question difficult. Once you have given your response, use the mark scheme, with a green pen, add model responses to your response.

Don't forget to apply the practical example. It given sport will be specified in the question.

Mrs Bell and Mrs Hockaday have arranged that your exam questions will be sorted topic by topic for you.
