

Philosophy Club

"The unexamined life is not worth living"- Socrates.

We warmly invite all Year 11 pupils to Philosophy Club at lunchtime on Wednesday.

It is an opportunity to discuss philosophical questions in a supportive and friendly environment such as "What makes something right or wrong? "What makes an idea or statement true or false? "What is the difference between a belief, an opinion, and knowledge? "What makes me 'me'? "What makes something real?

Topics are usually selected a week in advance by Pupils and we also incorporate issues such as immigration, euthanasia, genetic engineering and abortion.

We are a thinking community which welcomes all ideas and encourages participants to develop self-confidence in their own thinking and speaking.
